### Guide for Authors

**Submission of Papers:** Manuscripts for publication may be sent to the Editor-in-Chief, a member of the Editorial Board. Submission address is: Editor-in-Chief, Dr. S Dursun, Babalik Mh. Cavus Cad. Dogu İş Hanı, 6/601-Konya, Turkey. Manuscripts can also be sent to any member of the Editorial Board (see inside front cover for addresses). Although this journal is international in scope, all articles must be in the English language. Potential contributors whose first language is not English are urged to have their manuscript competently edited prior to submission. Papers should be written in the third person in an objective, formal and impersonal style.

**Manuscript Preparation:** General: Manuscripts must be typewritten, double-spaced with wide margins on one side of white paper. Good quality printouts with a font size of 12 pt are required. The corresponding author should be identified (include E-mail address). Full postal addresses must be given for all co-authors. Two hard copies of the manuscript should be submitted by regular mail.

**Abstracts:** Each manuscript must be including a brief abstract and a short list of keywords.

**Text:** Follow this order when typing manuscripts: Title, Authors, Affiliations, Abstract, Keywords, Introduction, Main text, Conclusion, Acknowledgements, Appendix, References, Vitae and Figure Captions followed by the Figures and Tables. Pages should be numbered consecutively. The corresponding author should be identified with an asterisk and footnote.

**Symbols and Units:** All Greek letters and unusual symbols should be identified by name in the margin, the first time they are used. SI units should be used wherever possible, as recommended in ISO 1000 and BS 5555.

**References:** All publications cited in the text should be presented in a list of references following the text of the manuscript. In the text refer to the author's name (without initials) and year of publication (*e.g.* "since Dursun (1993) has shown that..." or "This is in agreement with results obtained later (Boddy, 1984)". For three or more authors use the first author followed by "et al.", in the text. The list of references should be arranged alphabetically by authors' names. The manuscript should be carefully checked to ensure that the spelling of authors' names and dates are exactly the same in the text as in the reference list.

References should be given in the following form:

- Boddy L. (1984) The micro-environment of basidiomycete mycelia in temperate deciduous woodlands. In: *The Ecology and Physiology of the Fungal Mycelium* (Ed. by D.H. Jennings and A.D.M. Rayner), pp. 261-289. British Mycological Society Symposium 8, Cambridge University Press, Cambridge.

Photographs, charts and diagrams are all to be referred to as "Fig(s)" and should be numbered consecutively in the order to which they are referred. They should be accompanying the manuscript, but should not be included within the text.

**Tables:** Tables should be numbered consecutively and given a suitable caption and each table typed on a separate sheet. Footnotes to tables should be typed below the table and should be referred to by superscript lowercase letters.

**Payment:** Price of the paper in "*Journal of International Environmental Application & Science*" is 5 EURO per one page of manuscript. Figures and Tables are considered as one page of manuscript. The price includes 20 reprints of an article, which will be sending to the corresponding author.

**Off-prints:** Off-prints (reprints or the issue of Journal) will be supplied.
